London, November 10.

Last Night late arrived two Mails from Holland.

From the Amsterdam Gazette, dated Nov. 15.

**Grypswald, Nov. 6.** We have received the agreeable News, that our Troops have Yesterday Morning made themselves Masters of the Swedish Retrenchments before Straelsund, which will much facilitate the taking of that Place. In this Attack we made 4 or 500 Swedes Prisoners, who were cut off in endeavouring to get into the City; and our Men had like to have been shut in with the fugitive Enemies. 'Tis said that a Prussian Lieutenant and some Soldiers did actually enter with them. This happy Success is attributed to the false Attacks that were made, which much divided the Swedish Forces. Besides, that they did not expect to be so soon attacked. There were found in those Retrenchments 16 or 18 Pieces of Cannon, which are turned upon the Town, and new Batteries are erecting. There were not above 40 to 50 Men killed or wounded in this Attack of the Trenches. The Troops for the Attack of Rugen are embarking.

The rest of the Advices shall be communicated in our next.
